TECH - SKILLS

- JavaScripts, HTML5, CSS-3
- Angular, Vue.js, React
- Node.js, Express
- MongoDB, PostgreSQL
- Python, Django
- Docker, Git, Bash, TypeScript
- Ansible, Terraform
- Kubernetes
- Java (Spring Boot)

SOFT - SKILLS

- Open and Service - minded
- Flexible and Team Player
- Hungry and Humble
- Good Communication skills

LANGUAGES

- Nepali (Mother Tongue)
- English (Fluent)
- Danish (Intermediate)
- Hindi (Fluent)

PROFILE

I have a strong background in web development with 5+ years of working experience. Proficient in frameworks/libraries such as Angular, Vue and Node.js enabling the creation of highly search engine optimized websites. Motivated by a genuine thirst for knowledge, I actively stay notified of the latest updates in the tech sector and have an ability to swiftly adapt to new tech stacks. Blending academic knowledge with hands-on experience, I believe I have the skills to excel with the team I join.

WORK EXPERIENCE

B&BTech, Japan 03 - 2025 - ongoing

Frontend Developer

- Developing responsive single-page applications (SPAs) using Angular, TypeScript and Node.js.
- Building reusable, modular Angular components and services for scalable architecture.
- Managing application state efficiently using NgRx for complex data flows.
- Implementing form handling and validation using Reactive Forms

DTU, Denmark 02-2024 - 03-2025

FullStack Developer, ChatTutor

- Achieving a well-organized application by implementing MVC patterns and single page components.
- Collaborating with the group of developers and designers with effective communication.
- Employing pure CSS, Tailwind CSS, and Material Design for diverse and visually appealing styling.

System & Metode A/S , Denmark 01-2022 - 12-2023

Frontend Developer

- Delivered 5+ SEO-optimized client websites with 40% faster performance by leveraging Angular's ChangeDetection strategies and lazy loading.
- Led a cross-functional team to redesign a high-traffic e-commerce site (200K monthly visitors), boosting conversion rates by 15% via A/B testing and responsive layouts.
- Integrated RESTful APIs with NgRx for state management, reducing data fetch times by 35%.
- Mentored junior developers in Angular best practices, improving team productivity by 20%.

INTERESTS

- Learning new Technologies
- Football
- Swimming
- Travel

Software Development Academy, Denmark 01-2019 - 12-2021

Software Developer

- Learned Python from Scratch including MySql and Django. Developed a project to analyse Covid-19 data with a graph diagram.Led a group of 10 developers throughout the training period
- Learned MERN stack including Typescript and Redux. Developed few projects using them.

Cofoco Airport Solution Aps, Denmark 02-2014 - 12-2018

Food Packaging & Logistics

- Worked as a team leader and resolved many real-time operational challenges

EDUCATION

Masters Degree in Information Systems 2011 - 2013

Norwegian University of Science and Technology Norway

Bachelors Degree in Computer Science 2001 - 2005

Advanced Engineering College Nepal

PROJECTS

Home Page - System & Metode A/S

Tech Stacks:

- Angular, Java Spring Boot
- HTML5, CSS3, PrimeNg
- TypeScript, Angular Material

Achievements:

- Boosted client website performance by 40% through optimized Angular components using ChangeDetection strategies and Signals, while delivering SEO-friendly, responsive designs for 5+ concurrent projects using Angular, Node.js, and NgRx.

ChatTutor

Tech Stacks:

- Vue.js, Python, Django
- PostgreSQl
- HTMX, JQuery

Achievements:

- Developed and optimized ChatTutor's admin panel using Vue.js, Django, and Material-UI, reducing teacher workload by 30% through streamlined data management and interactive UI components like dynamic tables and pop-up dialogs.

COURSES & CERTIFICATIONS

- Python from scratch - Software Academy (physical class)
- Java: The Complete Java Masterclass (By Denis Panjuta)
- JavaScript - The Complete Guide 2025 (Beginner + Advanced)
- Django Python: Build a Full Stack Website with Features
- React, NodeJS, Express & MongoDB - The MERN Fullstack Guide
- CSS-Demystified by Kvin Paul (https://cssdemystified.com/)
- Vue - The Complete Guide (incl. Router & Composition API)
